PRODUCT DETAILS

DAB EuroInox, a stainless steel, self-priming, multistage pump, is the perfect solution when you need to boost water pressure.

Compact, quiet and efficient, EuroInox pumps are able to draw water up into the pump from shallow wells or submerged tanks.

Pair this pump with your preferred pump controller and you have the perfect solution for domestic household supply, water transfer, or light irrigation / horticultural use in rural and semi-rural applications.

APPLICATIONS

- Household water supply
- Pressure boosting
- Light commercial applications
- Water transfer
- Washing systems
- Light irrigation

FEATURES

- Multistage pumps are quieter in operation than single-impeller, 'jet'-type pumps
- Built from high-quality materials
- Corrosion-resistant materials won't stain water
- Self-priming operation
